Pinjur

Ingredients | Serving Size: 6

- 1 large eggplant
- 5 medium to large bell peppers (any colour)
- 3 large tomatoes
- 4 cloves garlic, minced (or 1 whole head garlic, stem trimmed, roasted and squeezed)
- 1/2 cup fresh parsley, finely chopped
- 1/3 cup extra virgin olive oil
- Salt and black pepper, to taste
- Optional topping: 1/4 cup crumbled feta cheese (for serving only)

How to Make

1. Wash all vegetables thoroughly. Cut a small cross at the bottom of each tomato to make peeling easier after roasting.
2. Preheat oven to 425°F (220°C). Place eggplant, bell peppers, and tomatoes on a baking sheet. If using whole garlic, trim the stem, wrap in foil, and place on the tray. Roast for 30 minutes, or until vegetables are soft and skins are blistered.
3. Remove vegetables from the oven and allow to cool slightly. Peel the eggplant, tomatoes, and peppers. Cut all vegetables into small cubes. Squeeze roasted garlic from the skins if using whole garlic.
4. Heat olive oil in a skillet over medium-high heat. Add the eggplant and sauté for about 5 minutes, stirring often, until soft and slightly caramelized. Add the bell peppers and cook for another 5 minutes, avoiding steaming. Add the tomatoes and cook for an additional 5 minutes, allowing excess moisture to evaporate.
5. Add garlic, salt, and black pepper. Stir well, then mix in the chopped parsley, allowing it to wilt slightly and incorporate evenly into the mixture. Cook for 2–3 minutes until thick and well combined.
6. Serve warm or at room temperature as a spread or side dish.
7. Sprinkle with crumbled feta cheese just before serving.

Rachelle Charlebois

This is a great snack for people who like a salty crunchy snack like chips. But the benefit is that it's less salt and fat and it's a source of fibre and it helps you eat more veggies! It keeps well in the fridge.

This is my 'go to' evening snack when I'm craving chips. It also makes a great side dish.

Caroline Samson

I've been a dietitian for over 30 years and I continue to have a passion for food! Being a member of DC keeps me connected to the profession and to the most up to date resources to support me and my clients. The recipe I've shared for the cookbook is a twist on a classic French onion soup; French onion soup with Caramelized Cabbage.

French Onion Soup with Caramelized Cabbage

Ingredients | Serving Size: 4-6

- 3-4 tbsp butter or fat of your choice 30-45 ml
- 2 c yellow onions, sliced 500 ml
- 2 c green cabbage, thinly shredded 500 ml
- 1 tsp sugar 5 ml
- 1 tsp salt 5 ml
- 1-2 garlic cloves, minced 1-2
- 6 c broth of your choice (beef, chicken, veg, low sodium) 1.5 L
- *1-2 tbsp Worcestershire sauce 15-30 ml
- *1-2 tbsp of soy/Tamari sauce 15-30 ml
- 1 tsp thyme 5 ml
- 1 bay leaves 1
- 1 tbsp balsamic vinegar 15 ml
- 2-3 c grated cheese (Gruyere, Swiss, Mozzarella) 500-750 ml

Bread

- 4-6 thick slices French bread or baguette 4-6
- 1-2 tbsp olive oil 15-30 ml
- Salt and pepper to taste (optional)

How to Make

1. In a large heavy-bottom pot melt butter over medium-high heat. Sauté onions and cabbage stirring often, until softened caring not to burn them, approximately 10 minutes.
2. Reduce heat to medium-low, stir in the sugar and salt, cook for 30 minutes stirring every 5 minutes or so until onions and cabbage are caramelized.
3. Add in the garlic and cook until fragrant approximately 30 seconds. Use a bit of broth to deglaze bottom of the pot if needed to scrape up any stuck brown bits.
4. Add all the broth, Worcestershire sauce, soy/Tamari sauce, thyme, and bay leaf. Simmer gently over medium-low heat uncovered for approximately 20-30 minutes stirring occasionally.
5. Remove the bay leaf and stir in the balsamic vinegar. Taste and season with additional salt and pepper if needed. Cover and reduce heat to low to keep hot.
6. Preheat broiler. Place 4-6 bread slices on a baking sheet. Brush each one with olive oil and season with salt and pepper if desired.
7. Place baking sheet on middle rack and broil for 2-3 minutes turning bread once until nicely toasted on both sides. Remove from heat and leave broiler on.
8. Place 4-6 oven-safe bowls on a baking sheet with a rim and fill each one with about 2/3 c of the hot soup. Top each bowl with 1 slice of toasted bread and sprinkle with 1/2 c of cheese. Broil a few minutes until golden brown. Serve and enjoy!
9. Consider adding 2 tbsp (30ml) of the Worcestershire and soy/Tamari sauce if using chicken or vegetable broth to increase the pleasant savoury flavour known as umami in the broth.

Kale Salad with Balsamic Maple Dressing

Ingredients | Serving Size: 8

- 1 bag or bunch washed kale – trim off hard bits
- 1-2 oranges
- 10-15 strawberries – sliced
- 10-15 cherry tomatoes
- 1 salad/green onion – sliced
- 125mL almonds – toasted and chopped/sliced

How to Make

1. Mix all dressing ingredients together in a jar and shake to emulsify. Add a bit of salt & pepper if desired. Ingredient amounts are estimates so adjust to how sweet/oily/tart you like it.
2. Add about 1/2 the dressing to the kale leaves and rub in with hands. The kale softens up after the dressing is added but maintains its shape well making it a good take along salad.
3. Zest one orange peel and add to top of salad. Peel the oranges removing as much pith as possible and cut into pieces. (You can supreme it – hold over the bowl to catch juices- but by cutting out a lot of the membrane you lose lots of volume but it looks nicer).
4. Add other sliced fruit and veg, top with almonds.
5. Add the rest of the dressing before serving and toss all the ingredients together.

Malfatti

Ingredients | Serving Size: 4

Malfatti

- 2 cups whole milk ricotta
- 1 1/2 cups frozen spinach, thawed
- 2 large eggs
- 3/4 cup grated Parmigiano Reggiano
- 1/2 to 3/4 cup all-purpose flour
- 1 tsp salt
- 1/2 tsp black pepper
- 1/8 tsp nutmeg optional

Tomato sauce

- 2 tbsp olive oil
- 2 cloves garlic, minced
- 2 cups crushed tomatoes
- 1/2 to 1 tsp salt
- Pinch chili flakes and fresh basil optional

For finishing

- 1/4 to 1/2 cup grated Parmigiano Reggiano
- Olive oil

How to Make

1. Evaporate moisture from the spinach: Thaw the frozen spinach completely. Add it to a wide skillet over medium heat with no oil. Spread it out and cook, stirring often, until steam stops rising and the spinach looks dry and crumbly. This takes about 5 to 8 minutes, squeeze once more in a clean towel. Chop finely.
2. Mix the malfatti base. In a large bowl, combine ricotta, spinach, eggs, Parmigiano, salt, pepper, and nutmeg. Mix gently.
3. Mix in 1/2 cup flour. The mixture should hold a soft mound and not spread. If loose, add flour 1 tbsp at a time up to 3/4 cup. Stop as soon as it holds.
4. Cover and refrigerate 20 to 30 minutes to firm up.
5. Heat olive oil in an oven-safe skillet over medium heat. Add garlic and cook about 30 seconds until fragrant. Add tomatoes, salt, and chili flakes if using. Simmer 10 to 15 minutes until slightly thick. Turn heat off.
6. Scoop rough ovals about 1/4 cup each using a spoon or scoop. Do not roll tightly.
7. Bring a wide pot of salted water to a gentle simmer. Drop malfatti in batches. Once they float, cook 1 more minute. Lift carefully with a slotted spoon.
8. Nestle malfatti into the tomato sauce. Spoon sauce lightly over the tops. Sprinkle with Parmigiano.
9. Bake uncovered at 400°F for 15 to 20 minutes until set and lightly puffed. Optional broil 1 to 2 minutes.
10. Rest 5 minutes. Finish with more Parmigiano and a drizzle of olive oil or butter.

- 1 cube of fish or vegetable bouillon, crumbled
- 600 g cod (frozen or fresh)
- 4 medium ripe tomatoes, cubed
- 1 large onion, halved and sliced
- 1 kg sweet potatoes, peeled and cut into 1-inch thick slices
- 1 small red pepper, cut into strips
- 1 small green pepper, cut into strips
- 3 cloves of garlic, sliced
- 1/2 cup white cooking wine
- Pepper (to taste)
- 4 eggs (optional)

How to Cook

1. Cover the bottom of a large saucepan with olive oil and sprinkle the crumbled bouillon cube evenly on the surface.
2. Add the rest of the ingredients (except eggs) in layers as follows: onion, sweet potatoes, cod, tomatoes, peppers, and garlic. Top with black pepper to taste, and cooking wine.
3. Cover the pan with a lid and cook over low heat for about 1 hour and 15 minutes. Remove the lid and crack the eggs (if using), one at a time, on top of the stew in a circular fashion, so that the eggs don't touch each other. Put the lid back on the pan and let it simmer another 5 minutes (or until the eggs are done to your liking).
4. Turn off the heat and serve, adding one egg per serving.

Beef Barley Soup

Ingredients | Serving Size: 8

- 1 1/2 - 2 lbs beef, cut into small 1-inch cubes (I usually use beef shank or sirloin)
- 2 tbsp canola oil
- 1 large onion, diced
- 3 large carrots, diced
- 2-3 ribs celery, diced
- 2/3 to 3/4 cup pearl barley (Use less if you prefer a "soupy" soup; use more if you prefer a thicker, stew-like soup)
- 8 cups reduced sodium broth (I use 4 cups beef broth plus 4 cups chicken broth)
- 1/4 tsp dried thyme
- 1 bay leaf

How to Cook

1. Season the beef with salt and pepper.
2. In a large stock pot or Dutch oven, heat the oil over medium-high heat. Add the onions and sauté for a few minutes until soft.
3. Add the carrots and celery. Cook for about 5 minutes or until the vegetables have softened.
4. Add the beef and cook, stirring occasionally until beef is slightly brown on all sides.
5. Stir in the barley and thyme. Pour in the broth.
6. Cover and bring the soup to boil. Keep covered and reduce to simmer for about 35-40 minutes, stirring occasionally until barley is tender.

“As soon as the cold weather hits, I make this hearty soup on repeat! Barley is packed with heart healthy beta-glucan, a type of fibre which can help reduce blood cholesterol levels.”

I have been a Registered Dietitian for almost 10 years. I love this recipe, its quick, easy, versatile and hearty. It's my go to meal planning recipe when I know it's going to be a busy week. It's great for lunch and dinner! I personally add more seasoning than the recipe calls for and like to play with the vegetables I add to the mix.

9. At the 30 min mark, remove the foil and increase the oven temperature to 375 F and cook for another 20-25 mins or until top of the quinoa is crispy and the bell peppers are cooked. If you would like to add cheese, you would add it at this point.

I'm a Registered Dietitian focused on making healthy eating simple and satisfying for my clients. I value my membership with Dietitians of Canada for its commitment to evidence-based practice and the professional community it provides. I'm sharing this recipe because it's a staple in my kitchen; it swaps heavy cream and butter for yogurt and cashews, proving that comforting meals can be both nourishing and healthy.

Cream Chicken

Ingredients | Serving Size: 5

Main:

- Oil – 2 tbsp
- Cumin seeds – 2 tbsp
- Onion, chopped – 3 cups
- Garlic – 1.5 tbsp (3–4 medium-large cloves)
- Chicken breast, cubed – 3 breasts (about 3.5 cups)
- Cashews – 1/2 cup, soaked in warm water for 15mins
- Milk (optional) – 1/2 cup, for extra creaminess

Marinade:

- Greek yogurt – 1/2 cup
- Lemon juice – 2 tbsp
- Ginger, grated or paste – 1–2 tbsp
- Black pepper – 1/2 tsp (adjust to taste)
- Cumin powder – 1 tsp
- Coriander powder – 1 tsp
- Green cardamom, crushed – 4–5 pods
- Green chili, chopped

How to Make

1. Marinate the chicken: In a bowl, combine the chicken with yogurt, lemon juice, ginger, black pepper, cumin powder, coriander powder, crushed cardamom, green chili (if using), and salt. Mix well and set aside for at least 30 minutes, or refrigerate overnight for deeper flavour.
2. Sauté the onions: Heat the oil in a large pan over medium heat. Add the cumin seeds and let them sizzle briefly. Add the chopped onions and a pinch of salt. Cook until soft and translucent, about 10 minutes. Add the garlic and cook for another minute.
3. Blend the sauce base: Drain the soaked cashews. Transfer the cooked onion mixture and cashews to a blender and blend until completely smooth. Allow the mixture to cool slightly if needed, as it will be hot
4. Cook the chicken: Return the pan to medium heat. Add the marinated chicken and cook for a few minutes, stirring, until the outside turns opaque.
5. Add the blended paste: Pour the cashew–onion paste into the pan and stir to combine. Cook over low to medium heat until the chicken is fully cooked and the sauce thickens.
6. Finish the dish: Stir in the milk, if using, for added richness. Simmer briefly, adjust seasoning, and serve warm.

I am a dietitian with family roots in Hong Kong, and I am passionate about showcasing how traditional Chinese meals can promote health and wellness. One of my household staples is this simple, one-pan ginger- scallion steamed fish recipe, which reflects the cooking techniques I grew up with. This recipe provides a nutrient-dense meal and is an excellent source of high-quality, complete protein, all while delivering bold and aromatic flavors.

Ginger Scallion Steamed Fish

Ingredients | Serving Size: 2-3

- 1 whole white fish (about 450-600 g), such as sea bass, tilapia, or snapper, cleaned
- 2 tbsp fresh ginger, julienned
- 3 green onions (scallions), thinly sliced
- 1 1/2 tbsp low-sodium soy sauce
- 1 tbsp sesame oil
- 1 tbsp neutral oil (e.g., canola oil)
- 2 cups baby bok choy, halved

Optional garnish: fresh cilantro or additional green onions

How to Make

1. Place the cleaned fish on a heat-proof plate that fits into your steamer or pot. Scatter half of the ginger over the fish.
2. Place a rack in the steamer or pot, and fill with water to a level just below the rack. Bring water to a boil, then place the plate with the fish. Steam the fish for 8-10 minutes, or until the flesh is opaque and flakes easily.
3. In the last 2-3 minutes of cooking, add bok choy to the steamer until tender but still vibrant.
4. Remove the fish from the steamer or pot, and top with the remaining ginger and all the green onions.
5. Heat the neutral oil and sesame oil together until hot. Pour over the ginger and green onions to release their aroma (you should hear a sizzling sound). Drizzle soy sauce evenly over the fish.
6. Serve immediately with steamed bok choy and optional brown rice or quinoa for a balanced meal.

This is a traditional Hungarian comfort food I grew up with, that's simple, economical, and made in one pot, making it practical for busy families. I love this recipe because it's deeply flavourful, brings people together, and can be adapted to meet different nutritional needs without losing the traditions and essence of the dish. It's a perfect reminder that nourishing food can be both meaningful and delicious.

Tofu Alfredo Pasta

Ingredients | Serving Size: 4

- 4 cup of whole grain penne or your favorite lentil pasta
- 1 medium onion, chopped
- 3 cloves garlic, minced
- 3 Tbsp olive oil
- 400 g medium-firm or firm tofu
- 1 Tbsp nutritional yeast
- 1 Tbsp lemon juice
- 1/2 cup reserved pasta cooking water, plus more as needed
- 1 tsp salt (adjust to taste)
- 1/4 tsp black pepper
- 1 cup peas
- 1 broccoli cut in florets and dice the stem.

How to Make

1. Bring a large pot of salted water to a boil and cook the pasta according to package directions. Reserve at least 1 cup of the cooking water before draining.
2. Meanwhile, heat the olive oil in a skillet over medium heat. Sauté the onion and garlic until soft and translucent, about 4–5 minutes.
3. Transfer the onion mixture to a blender. Add the tofu, nutritional yeast, lemon juice, salt, pepper, and 1/2 cup of the reserved pasta water. Blend until completely smooth and creamy.
4. Taste and adjust seasoning as needed. Add additional pasta water, a few tablespoons at a time, until the sauce reaches your desired consistency.
5. Return the sauce to the skillet over low heat. Add the peas and warm gently.
6. About 5 minutes before the pasta is done cooking, add the broccoli to the pot. This will steam the broccoli while reducing the number of dishes to wash.
7. Drain the pasta and broccoli, then add them to the skillet with the sauce. Toss until well coated and heated through.

Pasta e Ceci

Ingredients | Serving Size: 4

- 1/4 cup extra virgin olive oil, plus more for drizzling
- 4 medium sized garlic cloves, smashed
- 1 sprig fresh rosemary
- 1-1/2 tsp kosher salt, divided
- 1/4 tsp red pepper flakes
- 2 Tbsp tomato paste
- 1/2 cup dry white wine
- 2 cans (14 oz/398 g) chickpeas, drained and rinsed, divided
- 4 cups low sodium chicken or vegetable broth, divided
- 1/4 tsp freshly ground black pepper
- 225-gram small tubular pasta (e.g. ditali)
- 1/2 cup grated Pecorino Romano cheese, plus extra for garnish (or garnish with Parmigiano Regianno)

How to Make

1. In a large Dutch oven pot (or non-stick pot), heat oil over medium heat. Add garlic, rosemary, and 1/2 tsp salt and cook for 4-5 minutes, stirring frequently until garlic is softened and turning golden (but make sure that it isn't burning). Add red pepper flakes, cook for 30 seconds, then add tomato paste and continue to cook over medium heat for 1-2 minutes.
2. Stir in wine and cook for 2 minutes, stirring constantly to emulsify the wine into the oil.
3. Remove pot from heat, discard rosemary sprig (it is okay if some of the leaves have fallen off) and add 1 cup of chickpeas and 1 cup of broth. Using an immersion blender, blend the mixture until smooth (you may have to tilt your pot to make sure that it doesn't splash).
4. Add remaining chickpeas and broth along with 1 tsp of salt and 1/4 tsp freshly ground black pepper. Bring mixture to a boil over medium-high heat. Once boiling, add the pasta and cook for until al-dente (it will take about 8-11 minutes). The mixture will be sauce-like and thicken as it sits.
5. Remove from heat and mix in cheese thoroughly. Serve with an extra drizzle of olive oil and cheese if desired.
6. For leftovers, add a little bit of broth or water before reheating.

Spiced Chickpea Stew

Ingredients | Serving Size: 4 - 6 servings

- 1/4 cup olive oil, plus more for serving
- 4 garlic cloves, chopped
- 1 large yellow onion, chopped
- 1 (2-inch) piece ginger, finely chopped
- Kosher salt and black pepper
- 1 1/2 teaspoons ground turmeric, plus more for serving
- 1 teaspoon red-pepper flakes, plus more for serving
- 2 (15-ounce) cans chickpeas, drained and rinsed
- 2 (15-ounce) cans full-fat coconut milk
- 2 cups vegetable or chicken stock
- 1 bunch Swiss chard, kale or collard greens, stems removed, torn into bite-size pieces
- 1 cup mint leaves, for serving
- Yogurt, for serving (optional)
- Toasted pita, lavash or other flatbread, for serving (optional)

How to Make

1. Heat 1/4 cup oil in a large pot over medium. Add garlic, onion and ginger. Season with salt and pepper, and cook, stirring occasionally until onion is translucent and starts to brown a little at the edges, 3 to 5 minutes.
2. Add 1 1/2 teaspoons turmeric, 1 teaspoon red-pepper flakes, and the chickpeas, and season with salt and pepper. Cook, stirring frequently, so the chickpeas sizzle and fry a bit in the spices and oil, until they've started to break down and get a little browned and crisp, 8 to 10 minutes. Remove about a cup of chickpeas and set aside for garnish.
3. Using a wooden spoon or spatula, further crush the remaining chickpeas slightly to release their starchy insides. (This will help thicken the stew.) Add coconut milk and stock, and season with salt and pepper.
4. Bring to a simmer, scraping up any bits that have formed on the bottom of the pot. Cook, stirring occasionally, until stew has thickened, 30 to 35 minutes. (Taste a chickpea or two, not just the liquid, to make sure they have simmered long enough to be as delicious as possible.) If after 30 to 35 minutes, you want the stew a bit thicker, keep simmering until you've reached your desired consistency. Determining perfect stew thickness is a personal journey!
5. Add greens and stir, making sure they're submerged in the liquid. Cook until they wilt and soften, 3 to 7
6. minutes, depending on what you're using. (Swiss chard and spinach will wilt and soften much faster than kale or collard greens.) Season again with salt and pepper.
7. Divide among bowls and top with mint, reserved chickpeas, a sprinkle of red-pepper flakes and a good drizzle of olive oil. Serve alongside yogurt and toasted pita if using; dust the yogurt with turmeric if you'd like.

Claire Nanda

I am a dietitian working with children and youth in Ontario. I like being a member of DC because it is great to feel supported by a group of other dietitians. I have decided to share a chocolate yogurt dip that is one of my more frequent recipes I recommend for my clients and families. I love bringing this dip with fruit to parties or making it as an easy snack to add some protein with my fruit!

Chocolate Yogurt Mix

Ingredients | Serving Size: 2

- 1 cup plain Greek yogurt
- 1/2 cup dark chocolate chips
- 1.5 tsp oil, such as coconut oil or avocado oil (to melt chocolate if needed)
- 1.5 tsp vanilla extract

Optional:

- 2 tbsp peanut butter

How to Make

1. Melt the chocolate chips in the microwave in 30 second increments, stirring in between. Or you can also melt it on a double broiler on the stovetop. To help chocolate melt, you can add some unflavoured oil to the chocolate chips.
2. Mix the melted chocolate into the yogurt. If the chocolate starts to harden, put the mixture in the microwave for 10 seconds, to melt everything together.
3. If using peanut butter, mix in with the chocolate yogurt mix at this point.
4. Serve immediately or put in the fridge to serve chilled. Works well as a dip for fruit!

“It's a great after-school snack for kids and has helped many of the kids I work with have more fun eating fruits.”

Thai Chicken Dip

Ingredients | Serving Size: 2 cups

For a 9x9 pan:

Cream Cheese Layer:

- 1- 8 oz package (250 g) Cream cheese, reg, softened
- 1 T (15 ml) Soy sauce, reduced sodium

Chicken Filling:

- 1 cup (1-1.5 breasts depending on size) Boneless chicken breast OR thighs
- 1 tsp or more Thai curry paste (red or Massaman)
- 1 tsp vegetable oil
- 1/2 cup (125 ml) Carrot, julienned
- 1/4 cup (50 ml) chopped peanuts
- 3 T (45 ml) chopped green onions
- 2 T (30 ml) soy sauce, sodium reduced
- 1 T (15 ml) fresh cilantro, chopped
- 1 tsp (5 ml) sesame seeds, toasted

Sauce:

- 2 T (30 ml) packed brown sugar
- 1.5 tsp (7 ml) cornstarch
- 1/2 cup (125 ml) water
- 2 T (30 ml) ketchup
- 1.5 tsp (7 ml) Worcestershire sauce
- 2 tsp (2 ml) cider vinegar (or rice or white)
- 2 drops hot pepper sauce

How to Make

1. Combine cream cheese and soy sauce- I find this works best in the stand mixer- or you could use electric beaters. The original recipe called for light cream cheese but it does not blend well with the soy sauce. I only use 1.5 rather than two packages for the 9X13 pan since I don't like it all goopy with cream cheese- but you could use two if you want. Set aside.
2. Chop the chicken breast. Heat oil in a skillet; add curry paste and chicken. Saute until no pink remains. Remove and place in a large bowl. If you don't have Thai curry paste, you can use 1 tsp grated fresh ginger and 2 cloves garlic crushed instead but it won't be as good.
3. Add carrot, green onion, peanuts and cilantro to the chicken. Drizzle with soy sauce. Combine, cover and refrigerate for several hours (I never have time for this. 15 min on the counter while I make the sauce does the trick).
4. Sauce: In the same skillet that you cooked the chicken in, whisk brown sugar and cornstarch. (You can use a fresh saucepan too- I just like using the curry paste/chicken flavor remaining in the skillet). Add the rest of the sauce ingredients and whisk until combined. Bring to a boil, cook and stir for 1-2 min or until thickened. It won't be really thick, but that is okay.
5. Cover cream cheese layer with chicken/carrot mixture. Drizzle with sauce. Sprinkle with sesame seeds if you have them. I never remember. Serve with tortilla chips. Get strong ones- they break in the cream cheese. Note: can make a few hours in advance, but doesn't hold well overnight. I eat it the next day and it is good, but I wouldn't serve it to guests since it gets watery in the spots that have been eaten.

I'm a registered dietitian and the founder of The Gut Loving Dietitian, where I support people living with IBS, SIBO, and other digestive challenges in rebuilding trust with food and their bodies through evidence-informed, compassionate care.

How to Cook

Preparing the Cake:

1. Preheat your oven to 350°F (175°C). Grease a 6-inch round cake pan and line the bottom with parchment paper.
2. In a large bowl, sift together the all-purpose flour, baking powder, baking soda, cinnamon, and cardamom. Stir in the almond flour and set aside.
3. Using a stand mixer or hand mixer, beat the butter and sugar until pale, light, and fluffy, about 5 minutes.
4. Beat in the eggs one at a time, ensuring each is fully mixed before adding the next. Stir in the Greek yogurt, citrus zest, juice, and rosewater.
5. Gently fold in the raisins and shredded carrots for a burst of sweetness and texture.
6. Gradually fold in the dry ingredients until a smooth batter forms.
7. Pour the batter into the prepared pan, smooth the top, and bake for about 30 minutes or until a skewer inserted in the center comes out clean.
8. Let the cake rest in the pan for 5 minutes before transferring it to a wire rack to cool completely.

Adding the Syrup:

Finishing with the Glaze:

1. Whisk the powdered sugar with just enough lemon juice to form a thick yet pourable glaze.
2. Stir in a drop of rosewater to enhance the floral aroma.
3. Drizzle over the cooled cake, allowing it to flow naturally down the sides.
4. Sprinkle with crushed pistachios and dried rose petals for a stunning presentation.
